1. Only about 100 troops wearing red-bordered black epauletts were stationed in the Bad Freienwalde (N 53/V 28) barracks on 23 May 1950.

2. A train which had been loaded there with eight trucks and three tanks on 18 May 1950, allegedly during the night, had been dispatched toward Eberswalde. Two tanks

Comment. The report supports a previous assumption that the Bad Freienwalde units of the 6th Gds Mecz Div moved to the Templin training area in April 1950. Another report stated that units from Bad Freienwalde arrived in the Templin area in April 1950.
